Схема расположения продольной арматуры нижней зоны русла.

Схема расположения продольной арматуры верхней зоны рисунка

Technical drawing of a reinforced concrete slab with a grid of reinforcement bars. The drawing shows a plan view of a square slab with dimensions 4.00m by 4.00m. The reinforcement is shown as a grid of bars with a spacing of 200mm. The drawing includes a section line 'X-X' and a detail view of the corner reinforcement. The detail view shows the bars bent at 45 degrees to fit into the corner. The drawing is labeled with '1' and '3' in circles, indicating different views or details. The drawing is also labeled with '4' and '5' in circles, indicating different views or details.
